**EIPS’ PRIORITY:** Enhance High-Quality Learning and Working Environments

**SCHOOL GOAL 1:** By creating a common language and approach, staff and parents/guardians will help students develop resiliency when they face challenging and difficult times.

### STRATEGIES:

- School Council will work with teachers and administrators on providing information to parents/guardians about how to encourage resiliency in children. This will include finding books, webinars, and other sessions to share between parents/guardians and staff.
- Teachers will follow the lesson in the R2 Resilience Program to help build resilience in students throughout the school year.
  - This will include lesson on the “rugged qualities” of communication skills, critical thinking, empathy, motivation and perseverance, problem solving, self-esteem

## SCHOOL EDUCATION PLAN FOR THE 2022-23 SCHOOL YEAR

- This will also include staff providing and environment for students to have resiliency resources of a supportive peer group, opportunities to fix mistakes, opportunities to make decisions for oneself, reasonable consequences for one's actions, and reasonable expectations for behaviour.
- This resilience program will also see the continued use of our restorative practices in order to support reasonable consequences for one's actions
- We will also continue to use Growth Mindset to support giving our students opportunities to fix mistakes.

### MEASURES:

- Pre and post tests will show improvement in GRIT scores.
- On the provincial accountability pillar survey, 90% of parents/guardians will agree that students are safe, are learning the importance of caring for others, and learning respect for others and are treated fairly in school.
- On the EIPS parent/caregiver survey, 90% of parents/guardians will agree that students are learning the knowledge, skills and attitudes necessary to be successful in life.

### RESULTS: (To be added in November 2023 for Assurance Review)

**EIPS' PRIORITY:** Promote Growth and Success for All Students

**SCHOOL GOAL 2:** By Westboro staff identifying student needs and providing the requisite instruction, Westboro students will demonstrate measurable growth in numeracy as indicated by Math screeners used in October, January, and May.

## SCHOOL EDUCATION PLAN FOR THE 2022-23 SCHOOL YEAR

### STRATEGIES:

- Use results of STAR Math to help determine which students require support.
- Students who are identified through STAR Math as requiring support will be benchmarked by their homeroom teachers with the support of our division consultant.
- Teachers will use STAR Math three times per year to assess student progress and plan instruction according to student needs identified in the assessment.
- Use of observations and anecdotal notes with guided math to elicit and use evidence of student thinking.
- Build procedural fluency from conceptual understanding by scaffolding and spiraling instruction that goes from concrete to pictorial then symbolic representations of mathematical concepts.
- Promote problem solving and posing purposeful questions by doing math discourse and asking questions like “How did you come up with that?”
- Work with the division consultant to come up with new assessment strategies.

### MEASURES:

- More students will achieve the acceptable standard on the Provincial Achievement Test (PAT) at the end of June.
- Teachers will report more students are working at grade level at the end of June than they were in September.
- On the Elk Island Public School parent/caregiver survey, 95% of parents will say that their child is demonstrating growth in numeracy
- Students will demonstrate one year’s growth as measured by the STAR Math assessment at the end of June.
