HELP PROMOTE LOGOS

Attention Parents, Caregivers, Family and Friends!

In response to the recent drop in enrollment numbers, the Elk Island Logos Society NEEDS YOU to help spread the word about the program in the community. We believe many people simply don't know about the program and how amazing it is!

Here's how you can help. We are looking for people who are willing to help advertise the program:

- At your home church
- At preschools in the area
- At daycares in the area

This may be as simple as committing to creating a connection with your preschool or daycare and taking a day or two during prime pick-up times to share about the program with other parents. We have signage and advertisements that can help with this.

We are also looking for parents who would be willing to set up a table in their church foyer or children's ministry area to share about the Logos program with your church community. Again, we have signage and advertisements that can help with this.

If you are interested in helping Logos grow for future generations, please contact us at vicepresident@elkislandlogos.ca. We are asking for help now so we can be prepared to start actively spreading the word before EIPS registration time in February. We can't do this without you.
